

"Your Dreams, Our Passion, Let's Build It"

SINGLE PAGE WEBSITE

HTML / CSS / JS

VERCEL + GITHUB

METRO MANILA, PH

1. Company Information

Company Name	Salmo Construction Services
Tagline	"Your Dreams, Our Passion, Let's Build It Together"
Type	Single-Page Business / Portfolio Website
Location	2F LPAN Building, Block 1 Lot 16, Gil Fernando Avenue, cor Lark, Marikina City, Philippines 1800
Phone / Viber / WhatsApp	+63 997 574 7607
Email	salmoconstructionservices@gmail.com
Facebook	https://web.facebook.com/salmo.construction
Instagram	https://www.instagram.com/salmo.construction/
TikTok	https://www.tiktok.com/@salmo.construction
YouTube	https://www.youtube.com/@salmo.construction
Operating Hours	Monday – Saturday, 8:00 AM – 5:00 PM (Philippine Time / PHT)
Service Areas	Marikina City, Quezon City, Pasig City, Mandaluyong, San Juan, Makati, Taguig, Parañaque, Las Piñas, Muntinlupa, Antipolo, Rizal, and nearby Metro Manila areas

Legal Credentials

BIR Certificate	https://drive.google.com/file/d/1EyzkqAx3ksOjVHuK5keE-VSdRy4_Nztj/view?usp=drive_link
DTI Certificate	https://drive.google.com/file/d/1NkkJOtpVRHhpzP6osoBuNQrHeOsd1ko4/view?usp=drive_link
Display	Both certificates open in new tab via Google Drive viewer when clicked on site

2. Design System

Color Palette

Role	Hex	Usage
Primary — Deep Navy	#011E3E	Hero, navbar, dark sections, cards, footer
Accent — Cyan Blue	#00B4D8	CTAs, highlights, icons, hover states, borders
White	#FFFFFF	Light sections, body text on dark backgrounds
Black	#000000	Text on light sections, strong contrast elements

Typography

Font Family: Montserrat (Google Fonts) — used exclusively across all weights.

Weight	Usage
Black / ExtraBold (900 / 800)	Hero headline, company name
Bold (700)	Section headings, service titles
SemiBold (600)	Subheadings, card titles, nav links
Regular (400)	Body text, descriptions, FAQ answers
Light (300)	Captions, small labels, footnotes

Design Language & Details

- Faint blueprint grid texture on navy backgrounds — subtle dot or line grid pattern
- Section numbers in brackets: [01] [02] [03] — used as labels above each section heading
- Thin cyan ruled lines and bracket accents [] throughout the design
- Alternating sections: navy dark → white light → navy dark → repeat
- Generous negative space — nothing feels cluttered
- Cyan accent used sparingly but consistently — it is the precision tool, not decoration
- Engineering aesthetic: measured, intentional, structured — but with warmth

Animation Guidelines

- Library: GSAP + ScrollTrigger (free CDN version)
- Scroll-driven animations: elements slide or fade in when entering viewport
- Counter animation: numbers count up from 0 when Trust Badge section scrolls into view
- SVG house drawing animation: path draws on page load, fills on scroll (see Section 4.1)
- Testimonial cards: auto-scroll left to right, pause on hover
- Service cards: cyan top border slides in on hover, slight translateY lift
- FAQ accordion: smooth expand/collapse with rotating + icon
- Floating contact button: expands upward on click showing all contact options
- Keep animations subtle — nothing should feel excessive or distracting
- Mobile: reduce or simplify animations for performance

3. Technical Setup & Code Structure

Stack & Hosting

Website Type	Single-page website (one HTML file with all sections)
Stack	Plain HTML5, CSS3, Vanilla JavaScript (no frameworks)
Hosting	Vercel — free tier, deploy from GitHub repository
Repository	GitHub — public or private repository
Fonts	Google Fonts CDN — Montserrat all weights
Animations	GSAP + ScrollTrigger via CDN (free)
IG Feed	Behold.so embed — placeholder comment in code for easy paste
Contact Form	Formspree.io — free tier, 50 submissions/month
Maps	Google Maps embed iframe — no API key needed

Recommended File Structure

```
salmo-construction/ ■■■■ index.html ← Main single page ■■■■ 404.html ← Custom 404 page ■■■■ css/
■ ■■■■ styles.css ← Main styles ■ ■■■■ animations.css ← Animation keyframes ■ ■■■■
responsive.css ← Mobile/tablet breakpoints ■■■■ js/ ■ ■■■■ main.js ← General interactions ■ ■■■■
animations.js ← GSAP ScrollTrigger logic ■ ■■■■ components.js ← FAQ accordion, floating btn,
etc. ■■■■ assets/ ■ ■■■■ images/ ■ ■ ■■■■ logo.png ← Company logo (to be provided) ■ ■ ■■■■
bento/ ← 4 bento grid photos (to be provided) ■ ■ ■■■■ marquee/ ← 8-10 marquee strip photos (to
be provided) ■ ■■■■ icons/ ← SVG icons ■■■■ README.md ← Setup instructions
```

Important Code Requirements

- Code must be clean, readable, and well-commented throughout
- Each section clearly marked with comments: `/* ■■■ SECTION 01: HERO ■■■ */`
- CSS variables defined at `:root` for all brand colors and fonts
- Fully responsive: mobile (320px+), tablet (768px+), desktop (1024px+)
- Mobile-first approach — design for phone first, scale up
- All external links open in new tab (`target="_blank" rel="noopener"`)
- Clickable contact links use proper URI schemes (`mailto:`, `tel:`, `viber://`, `wa.me`)
- Images use lazy loading (`loading="lazy"`) for performance
- Smooth scroll behavior: `html { scroll-behavior: smooth; }`
- Active nav link highlights in cyan as user scrolls through sections
- Placeholder comments for assets:
 -
 -
 -

4. Section-by-Section Content & Instructions

[PRE] Loading Screen

Appears for 1.5–2 seconds before page content reveals. Premium first impression.

- Navy (#011E3E) full-screen background
- Salmo Construction Services logo centered — fades in smoothly
- Thin cyan horizontal progress line animates across bottom of screen
- After animation completes — screen fades out revealing the page
- Do not show on repeat visits (use sessionStorage to track)

[NAV] Navigation Bar

- Fixed position — stays visible at all times during scroll
- Navy background with subtle cyan bottom border (1px)
- Logo on the left — links to top of page
- Nav links on right: Services | How We Work | Projects | About | Contact
- Active section link highlights in cyan (#00B4D8) as user scrolls
- CTA button: "Start Your Dream →" in cyan — rightmost nav item
- Mobile: hamburger menu (☰) collapses to full-screen nav overlay
- Slight background blur / opacity on scroll for depth effect

[01] Hero Section

Full viewport height. Dark navy background with faint blueprint grid texture.

LEFT SIDE — Text Content:

- Small cyan label above headline: [SALMO CONSTRUCTION SERVICES] — Montserrat Light, tracked
- Main headline: "Your Dreams, Our Passion" — Montserrat Black, very large
- Sub headline: "Let's Build It Together" — Montserrat Bold, slightly smaller
- Short descriptor: "Professional Construction, Planning & Design Services across Metro Manila"
- Two CTA buttons: "Start Your Dream Project" (cyan filled) | "View Our Work" (white outlined)
- Text slides in from left on page load (GSAP)

RIGHT SIDE — SVG Modern House Animation:

- Claude Code generates the SVG house entirely in code — no external file needed
- Modern house style: flat/low-pitch roof, large rectangular windows, clean geometry, garage on one side, simple landscaping lines at base
- Blueprint phase: cyan stroke lines on navy — like an architect's drawing
- On page load: SVG paths draw themselves using stroke-dashoffset animation (GSAP)
- On scroll past hero: house transitions from blueprint wireframe to filled illustration
- Add subtle cyan glow effect around the house outline
- House fades and scales in from right side on load

[02] Services Section

Navy background. Section label: [02 — OUR SERVICES]. 2x3 grid of service cards.

Card Hover Behavior: cyan top border slides in, card lifts with box-shadow, sub-items expand in accordion.

01 — Construction Services

- Residential and Commercial Construction

- Renovation and Improvement Works
- Interior Fit-Out Services
- Modular Cabinet Installation
- Roofing Services

02 — Planning & Design

- Architectural Plans with 3D Perspective
- Electrical Plans and Design
- Plumbing Plans
- Technical Specifications
- Bill of Materials
- Structural Analysis and Design
- Signing and Sealing of Plans and Permit Documents

03 — Building Permit Assistance

- Lot Plan
- Lot Resurvey
- Signing and Sealing of Plans
- Processing of Building Permit Documents

04 — Project Management

- Overall Management of Project Execution
- Coordination with Clients and Contractors
- Monitoring of Project Timeline and Budget
- Preparation of Progress Billings
- Preparation of Shop Drawings
- Full Supervision of Project Flow

05 — Project Consultancy

- Ensuring Work Follows Approved Plans
- Ensuring All Work is Completed as Agreed
- Site Inspections
- Preparation of Project Progress Reports
- Review and Evaluation of Contractor Billings

06 — Cost Estimation

- Detailed Project Cost Estimates
- Bill of Materials for Pag-IBIG Loan Applications
- Bill of Materials for Construction Loan Applications

[03] How We Work — 4-Step Process

Light section (white/light gray). Horizontal 4-step flow with connecting line between steps.

[01 — CONSULT] — Tell us your vision. We listen, we understand, and we make sure your dream is crystal clear.

[02 — PLAN] — We design, engineer, and prepare everything — from blueprints to permits. No surprises.

[03 — BUILD] — Our team brings your vision to life with precision, quality, and passion every single day.

[04 — TURN OVER] — We hand over your completed dream — on time, on budget, exactly as promised.

Each step: large cyan bracket number, bold title, description below. Steps connected by thin cyan horizontal line.

[04] Projects Section

Navy background. Section label: [04 — OUR WORK]. Bold counter: "22+ Projects Completed"

LAYER 1 — Bento Grid (4 Photos):

- Asymmetric editorial grid — 1 large photo left, 2 stacked right, 1 wide bottom (or similar creative layout)
- On hover: cyan overlay fades in with project type label (e.g. "Residential Build — Marikina")

- No client names — category and area only
- Placeholder:
- Photos provided by client — use placeholder images initially

LAYER 2 — Scrolling Marquee Strip (8–10 Photos):

- Horizontal auto-scrolling film reel — continuous loop, left to right
- Animation via CSS (no JS needed) — smooth infinite scroll
- Photos pause on hover
- Mix of: finished exteriors, interiors, cabinet work, roofing, construction in progress, 3D renders, team on site
- All photos equal height, varying widths — cinematic aspect ratios
- Placeholder:

LAYER 3 — Instagram Feed (Behold.so):

- Placeholder:
- Below the feed: cyan outlined button "More on Instagram →"
- Button links to: <https://www.instagram.com/salmo.construction/> (opens new tab)

[05] Testimonials Section

Navy background. Large decorative cyan opening quotation mark. Auto-scrolling cards.

- Auto-scroll: left to right, continuous loop
- Pauses on hover
- Code is clean and well-commented — easy to add/edit/remove reviews
- Each name field labeled: // NAME: Change to real name or leave as anonymous label

Card Design:

- White card on navy background
- Large cyan " quotation mark top-left as decoration
- Quote text — Montserrat Regular Italic
- Rating: [10 / 10] in cyan — Montserrat Bold (NO stars — engineering bracket style)
- Reviewer label bottom: Name or "Happy Homeowner, Marikina" etc.
- Cyan left border accent on each card

Testimonial Content (6 cards):

Reviewer: Happy Homeowner, Marikina

"Building our first home felt like a daunting task until we met the team at Salmo Construction. From the very first meeting, we knew we were in good hands. They truly listened and made every design idea we envisioned a reality. If you want a builder who genuinely cares about your journey, look no further than Salmo Construction!"

Reviewer: First-Time Homebuilder, Quezon City

"We had so many questions and concerns before starting, but the team made everything so easy to understand. They were patient, professional, and truly passionate about what they do. Our home turned out even better than we imagined. Sobrang galing!"

Reviewer: Happy Client, Pasig City

"From the blueprints to the final turnover, Salmo Construction guided us every step of the way. The quality of the work is exceptional and they finished on time. We couldn't be more grateful. This is the team you want building your dream."

Reviewer: Satisfied Homeowner, Marikina

"What impressed us most was how organized and transparent they were throughout the whole project. Regular updates, honest pricing, no hidden costs. They delivered exactly what was promised. Highly recommended to anyone building or renovating!"

Reviewer: Commercial Client, Metro Manila

"We hired Salmo for our office renovation and the results exceeded our expectations. Very professional team, great attention to detail, and they worked around our schedule. Will definitely work with them again for future projects."

Reviewer: Renovating Homeowner, Antipolo

"The renovation they did on our home is absolutely beautiful. You can see the passion and craftsmanship in every corner. They treated our home like it was their own. Truly a team that lives up to their tagline — Your Dreams, Our Passion!"

[06] Trust Badges + Why Choose Us

Light section. Two parts combined: animated trust badge strip + why choose us bullets.

TRUST BADGE STRIP — 4 Cards (scroll-triggered animation):

- [22+] — Finished Projects: Number counts up 0→22 when scrolled into view
- [BIR] — Registered Business: Clickable → opens BIR certificate Google Drive link in new tab
- [DTI] — Registered Business: Clickable → opens DTI certificate Google Drive link in new tab
- [Licensed] — Engineers & Architects: Display only — no link

BIR Link: https://drive.google.com/file/d/1EyzkqAx3ksOjVHuK5keE-VSdRy4_Nztj/view?usp=drive_link

DTI Link: https://drive.google.com/file/d/1NkkJOtpVRHhpzP6osoBuNQrHeOsd1ko4/view?usp=drive_link

WHY CHOOSE US — Bullet Points (Salmo brand tone):

- ✓ 22+ Dreams Successfully Built
- ✓ BIR & DTI Registered — Legitimate & Trusted
- ✓ Licensed Engineers & Architects on Every Project
- ✓ Serving Metro Manila & Surrounding Areas
- ✓ From Planning to Turnover — We've Got You
- ✓ Free Detailed Cost Estimates — No Obligation
- ✓ Pag-IBIG & Bank Loan Documentation Assistance
- ✓ Transparent Pricing — No Hidden Costs

CTA Button below: "Start Your Dream Project →" — cyan filled button

[07] About Section

Light section. Two columns: project photo left, text content right.

About Text (brand tone — warm, collaborative):

Salmo Construction Services is a professional construction and engineering company based in Marikina City, Metro Manila. We are a team of licensed engineers, architects, and skilled craftsmen who are passionate about bringing your vision to life.

From the very first consultation to the final turnover, we guide you every step of the way — making the construction journey as smooth, transparent, and exciting as it should be.

We don't just build structures. We build dreams. And every project we take on is a promise we keep.

Core Values (4 cards with icons):

- Quality Craftsmanship — Every project built to last — no shortcuts, no compromises.
- Client-First Service — Your vision is our mission. We listen before we build.
- Integrity & Transparency — Honest work, honest pricing, honest communication.
- Precision & Excellence — Engineering done right — measured, intentional, perfect.

[08] FAQ Section

Navy background. Accordion style — click to expand. Cyan + icon rotates on open.

CTA below FAQ: "Still have questions? Let's talk →" — links to Contact section.

Q: Do you offer free estimates?

A: Absolutely! Every dream starts with a plan — and we want to make sure yours is within reach. Reach out to us and we'll prepare a detailed cost estimate and Bill of Materials, completely free.

Q: Do you assist with building permits?

A: We've got you covered! From lot plans and resurvey to signing, sealing, and processing all permit documents — we handle the paperwork so you can focus on dreaming bigger.

Q: Do you accept Pag-IBIG or bank construction loans?

A: Yes! We prepare all the necessary Bill of Materials and documentation you need for Pag-IBIG housing loans and bank construction loan applications. Let's make your dream home financially within reach.

Q: How long does construction take?

A: Every dream is different, so every timeline is too. We work with you to set a realistic schedule during the planning phase and keep you informed every step of the way — because this is your journey as much as ours.

Q: Do you handle both residential and commercial projects?

A: Yes! Whether it's your dream home, a commercial space, a renovation, interior fit-out, cabinet installation, or roofing — if you can dream it, we can build it together.

Q: Where are you located and what areas do you serve?

A: We're based in Marikina City, Philippines, proudly serving Metro Manila and surrounding areas including Quezon City, Pasig, Mandaluyong, Antipolo, Rizal, and nearby provinces.

Q: Can you design my house before building it?

A: Definitely! We'll transform your ideas into full Architectural Plans complete with stunning 3D Perspectives, Electrical and Plumbing Plans, Structural Analysis, and all Technical Specifications. See your dream before we build it.

Q: How do I get started?

A: Simple — just reach out! Call, email, message us on Viber or WhatsApp, and let's have a conversation about your vision. Your dream project starts with one message. Let's build it together.

[09] Contact Section

Navy background. Two columns: contact details left, contact form right.

LEFT — Clickable Contact Details:

Social Media Icons (cyan color, open new tab):

- Facebook: https://web.facebook.com/salmo.construction
- Instagram: https://www.instagram.com/salmo.construction/
- TikTok: https://www.tiktok.com/@salmo.construction
- YouTube: https://www.youtube.com/@salmo.construction

Google Maps Embed:

Embed Google Maps showing: 2F LPAN Building, Block 1 Lot 16, Gil Fernando Avenue, cor Lark, Marikina City, Philippines 1800

Use standard iframe embed. No API key needed for basic embed.

RIGHT — Contact Form:

- Full Name (text input)
- Email Address (email input)
- Phone Number (tel input)
- Service Needed (dropdown — 6 service categories)
- Message (textarea)
- Submit Button: "Let's Build It Together →" (cyan filled)

Form backend: Formspree.io — free tier. Add Formspree action URL to form.

Placeholder:

[FOOTER]

- Navy background, minimal design
- Logo left — links to top of page
- Copyright center: © 2025 Salmo Construction Services. All Rights Reserved.
- "Back to Top ↑" link right — in cyan, smooth scrolls to top
- Thin cyan top border separating footer from last section

[FLOATING ELEMENTS] — Always Visible

1. Multi-Contact FAB (bottom-right corner):

- Cyan circular button with phone/contact icon — always visible
- On click: expands upward showing 4 contact options with icons and labels:
- ■ Email → mailto:salmoconstructionservices@gmail.com
- ■ Call → tel:+639975747607
- ■ Viber → viber://chat?number=+639975747607
- ■ WhatsApp → https://wa.me/639975747607
- Smooth expand/collapse animation
- Each option labeled clearly for mobile usability

2. Facebook Messenger Bubble (bottom-left corner):

- Facebook Messenger icon — standard blue Messenger color
- Fixed position, always visible
- Links to: <https://m.me/salmo.construction> (opens Messenger chat)
- Opens in new tab
- Subtle pulse animation to draw attention

3. Cookie Notice Bar (bottom center):

- Slim bar at very bottom of screen — appears on first visit
- Text: "This site uses cookies to improve your experience."
- "Got it" button — dismisses bar permanently (localStorage)
- Navy background, white text, cyan button

5. SEO & Meta Tags

Include all of the following in the of index.html:

```
<title>Salmo Construction Services | Metro Manila Contractor</title>
<meta name="description" content="Your Dreams, Our Passion – Professional construction,
planning, design, and permit assistance across Metro Manila. 22+ projects. BIR & DTI
Registered.">
<meta name="keywords" content="construction company Marikina, contractor Metro Manila,
house builder Philippines, renovation Quezon City, building permit assistance">
<meta property="og:title" content="Salmo Construction Services">
<meta property="og:description" content="Your Dreams, Our Passion, Lets Build It Together.">
<meta property="og:image" content="[logo or hero project photo URL]">
<meta property="og:url" content="[deployed site URL]">
<meta property="og:type" content="website">
<meta name="twitter:card" content="summary_large_image">
<link rel="canonical" href="[deployed site URL]">
```

6. Custom 404 Page (404.html)

- Full page — navy background, same design system as main site
- Large cyan "404" number centered — Montserrat Black
- Headline: "Oops! This page is still under construction."
- Sub-text: "But your dream project doesn't have to be. Let's get you back on track."
- Two buttons: "Back to Home" (cyan filled) | "Contact Us" (white outlined)
- Small SVG construction icon or animated blueprint element
- Same navbar and footer as main site

7. Assets & Placeholder Checklist

Items to be provided by client after initial build:

Asset	Notes	Status
Logo File	PNG with transparent background preferred. SVG ideal.	■ Pending
Bento Grid (4 photos)	Best 4 project photos — high resolution, landscape preferred	■ Pending
Marquee Photos (8–10)	Variety: exteriors, interiors, cabinets, roofing, in-progress, team	■ Pending
Behold.so Embed Code	Sign up at behold.so, connect IG, copy embed code	■ After launch
Formspree Endpoint	Sign up at formspree.io, create form, copy action URL	■ After launch
BIR Certificate	Google Drive link provided ■	■ Ready
DTI Certificate	Google Drive link provided ■	■ Ready
Google Maps	Use address: 2F LPAN Building, Gil Fernando Ave, Marikina City	■ Ready

8. Brand Tone & Voice Guide

Every word on the site must reflect Salmo's tagline: "Your Dreams, Our Passion, Let's Build It Together"

■ DO	■ DO NOT
Warm, personal, collaborative language	Cold, corporate, stiff language
"Your dream home" — client-first framing	"Our services include..." — company-first framing
"Let's build it together" — inclusive	"We build structures" — transactional
"We've got you covered" — reassuring	"We offer permit processing" — robotic
Action-oriented: "Start your dream today"	Passive: "Construction services are available"
Mention Pag-IBIG / loan assistance naturally	Avoid overly technical jargon without context

9. Final Page Section Sequence

Designed around client psychology: Attention → Interest → Trust → Desire → Action

Stage	Section	Purpose
PRE-LOAD	Loading Screen	Premium first impression — branded intro animation
ALWAYS	Fixed Navbar	Easy navigation, active section highlight, CTA always visible
ATTENTION	[01] Hero	Bold first impression — SVG house animation, tagline, CTAs
INTEREST	[02] Services	Answer: "Do they do what I need?" — fast, scannable
INTEREST	[03] How We Work	Remove anxiety — simple 4-step process explained warmly
TRUST	[04] Projects	Show beautiful work at peak interest — bento + marquee + IG
TRUST	[05] Testimonials	Real clients loved the work — emotional momentum peak
TRUST	[06] Trust + Why Us	Credentials land harder after seeing great work
DESIRE	[07] About	Human story — client is almost sold, wants to know who
DESIRE	[08] FAQ	Remove last objections — Pag-IBIG, permits, timeline
ACTION	[09] Contact	Make it effortless — form, map, all contact options
ALWAYS	Floating FAB	Multi-contact button — always one tap away (bottom right)
ALWAYS	Messenger Bubble	Facebook Messenger chat — always visible (bottom left)
FIRST VISIT	Cookie Bar	Slim notice — one click dismiss, professional touch
ERROR	404 Page	Branded error page — keeps client engaged, redirects home

■ This brief is ready to hand to Claude Code. All decisions are final. Assets marked ■ Pending will be provided by the client after the initial build is complete. Claude Code should use placeholder images and comments for pending assets.
